## MARSHALL ISLANDS REGISTRY FORECASTS MORE THAN 150 VESSELS TO JOIN REGISTRY FROM JAPAN AND KOREA

*Japanese and Korean owners commit 4.5 million tonnes to Marshall Islands during next three years.*

International Registries, Inc. (IRI), the Marshall Islands Maritime and Corporate Administrator is seeing a dramatic increase in the number of vessels from Japan and Korea following the decentralisation of the Registry and the development of local offices in the two countries.

During the next three years Japanese owners have indicated that they will register more than 100 vessels of some 3 million tonnes and Korean owners have committed to 50 vessels totalling 1.5 million tonnes.

"Shipowners now expect a higher level of service from ship registries and we have invested in providing local expertise in our Tokyo and Seoul offices as well as around the Asian region. Our offices are staffed by experienced maritime and technical managers who can provide assistance to the shipowning community," said Bill Gallagher, President, IRI.

"We understand well that Japanese and Korean owners are flying to quality and cost efficient flagging service. Our global network of 17 offices and local offices in Hong Kong, Tokyo, Seoul, Singapore, Shanghai and Dalian means that Asian owners can have access to timely registration and technical support services from the Marshall Islands Registry around the world on a 24/7 basis," said Annie Ng, Managing Director, International Registries (Far East) Limited.

## MARSHALL ISLANDS INTRODUCES UPDATED COMMERCIAL YACHT CODE

International Registries, Inc. (IRI), the Marshall Islands Maritime and Corporate Administrators, announced the introduction of an updated Commercial Yacht Code (CYC) during its open house reception today at its recently expanded Fort Lauderdale office.

The CYC was updated in response to the yachting industry's need for easily understandable, user-friendly regulations that readily addresses current issues relevant to the yacht owner/operator. The changes also provide a practical approach to evolving safety and technical issues. The CYC replaces the Marshall Islands Safety Codes of Practice for Large Yachts MI-103A and Small Yachts MI-103B. Specific changes include:

- Revised manning requirements – Annex 4, including the introduction of a new Master of Yachts, up to 350 gross tons license;
- Acceptance of existing MCA LY2-certified yacht for transfer to the Marshall Islands flag; and
- Updated general guidance to privately registered yachts and streamlined procedures for owners wishing to utilize the Marshall Islands' annual 84 day chartering privilege for private yachts exceeding 18 meters in length.

While the Registry overall is ranked as the fourth largest in the world, private and commercial yachts comprise 25% of the total number of vessels in the fleet. The number of yachts registered in the Marshall Islands has grown at an average rate of 90% over the past five years. Given the continual growth of the Yacht Registry, a dedicated technical group has been established which not only includes the Yacht Registry team in Fort Lauderdale but technical experts in other offices in Europe and the United States. The yacht technical group ([yachttec@register-iri.com](mailto:yachttec@register-iri.com)) fully supports the CYC.

"The updated CYC is a comprehensive tool for yacht owners in and entering the Marshall Islands Registry. We have expanded our office here in Ft. Lauderdale, increased our personnel and established the yacht technical group to better meet the demands of the growing community of yacht owners flagging in the Marshall Islands," said Gene Sweeney, Vice President Yacht Operations, IRI-Ft. Lauderdale.

The Marshall Islands Maritime Registry is highly regarded throughout the world, not only by the yachting community, but the entire maritime industry due to its efficient registration processes and quality service. As an industry leader in promoting safety, security and environmental protection, this announcement is an excellent example of the Registry's ongoing efforts to ensure it maintains its status as a quality Registry. Popular features offered to yacht owners include the ability to register a yacht for either a one-year or three-year period, completion of the registration within 24-hours, and the eligibility to obtain a U.S. Cruising Permit.

With a local office in Ft. Lauderdale and 16 other regional offices in other major maritime cities around the world, the Registry is able to provide same-day service to the yachting community, regardless of location and time zone.
